

THE WILL AND TESTIMONY OF DR. IAN [REDACTED]

OFFICE OF THE SECRETARY OF HOMELAND SECURITY

WASHINGTON, DC

My name is Ian [REDACTED] I am a chemist who worked for the [REDACTED] My hope in writing this final note is that someone could stop the domino chain I was a part of. On [REDACTED] [REDACTED] I was approached by a man named [REDACTED] who I worked with at [REDACTED] [REDACTED] while I worked on my PhD. He approached me asking if I wanted to help save the world.

He rambled on and on about how humanity requires the resources of 1.7 Earths to maintain itself, and how we were on a path to destruction. How soon there will be more plastic than fish in the ocean, and that we will run out of oil and natural gas in 50 years. These are, of course, concerns I share, humanity even now is still on the path to its own self destruction.

He proposed to me a plan, one he believed could remedy this situation. He told me he knew people in a network, a group of individuals stationed in Europe after World War 2 to ensure the Soviets couldn't invade Europe. This network was given the goal to sustain global freedoms, and [REDACTED] wanted me to help them. He told me they needed more chemists like me.

So, I joined the group, they had me start by [REDACTED]
[REDACTED] After I had the chemical composition, they wanted me to [REDACTED]
